

June 6 thru 15, 2018
Randall Avenue
Mine Hill, New Jersey

FACT SHEET

MORRIS HABITAT FOR HUMANITY WILL BUILD THREE HOMES IN 10 DAYS

Who

Morris Habitat for Humanity, volunteers, sponsors, and the future homeowners will unite for the 10-day Blitz Build event.

What

A **Blitz Build** is a concentrated effort to build a house with a radically accelerated timeline. The Mine Hill project includes three affordable, new construction homes; a fourth existing home will receive some light rehab work. The Blitz Build event is focused on the three new homes.

When

The Blitz will take place from June 6-15, 2018. The build will begin with a ceremonial groundbreaking on Wednesday, June 6, 2018 at 12 noon and will continue for nine work days. Sunday the 10th will be a rest day. The event will conclude with a dedication of the homes on Saturday, June 15, 2018 at 10 a.m.

Where

We will be building at 52- 58 Randall Ave in Mine Hill, New Jersey.

Why

Four more families will become homeowners faster and will start their journey towards brighter futures!

It is going to be awe inspiring! It will be incredible to see the walls and roof framing put together within the first few hours of a build. It is magical to see so many people working together on a house at the same time. It is gratifying to look back at the end of the week and see how much has changed in so little time.

How

For more information on Blitz Build sponsor and team build opportunities contact Christopher Palazzi: christopher.palazzi@morrishabitat.org, or call 973-632-9680. Kathy Ritchey: kathy.ritchey@morrishabitat.org, or call 973-891-1934 ext.122.'

**The Blitz Home Builders, BHB, are a traveling group of experienced construction volunteers with various skill levels. BHB was started by a few Honeywell employees who wanted to continue working with Habitat after their annual event ended. They will be bringing about 75 volunteers to the Morris Habitat Blitz Build event.*
