WOMEN BUILD

Thank you! 2024

ABOUT WOMEN BUILD

Wow! Morris Habitat for Humanity Women Build 2024 was a tremendous success – surpassing all goals and expectations! We are inspired by the individuals and groups who volunteered to help families in Morris and Middlesex counties move closer to affordable homeownership. More than 200 women (and supportive men!) helped build homes at The Crossings at Bennett Avenue in Randolph, and on Inslee Street and Garretson Avenue in Perth Amboy. Throughout May volunteers learned skills and helped families build strength, stability, and independence.
